Letter opposite for
signature or use as
a further draft. You
may wish to look
further at the last
sentence of par 3. It
doesn't seem quite
right but I am
not sure how you
ought to express the
point (you re-drafted
on tape).

The
ATTORNEY GENERAL

To see the letter
from Mrs Glover. One
understands her
distress but the letter
adds nothing to the
issues.

Please not her
comment about to
reply. I do not
think it would be
profitable for you to
be sucked into a
personal correspondence
at this stage, if you
agree I will assure
her that you have seen
all she has written but
must necessarily rely on
the Secretary to
actually reply.

I thought it
best to leave this
one to you.
